*Enabling individuals to live
meaningful lives within the
communities of their choice*

For more than 50 years, we've been providing support services to the people of South East Queensland.

Whilst we are a Catholic agency, we provide these services to the entire community, regardless of religion, circumstance, ethnicity, economic situation, age, gender or ability.

You will find Centacare services in every corner of South East Queensland. With a workforce of more than 3000, including our invaluable volunteers, and operating from more than 200 locations, we provide help and create hope for many thousands.

With funding from both the Australian and Queensland governments, we are able to provide quality support to those in need of a range of services including childcare, support services for the aged and people with a disability, as well as relationship education, counselling and support.

We are grateful to our army of volunteers and donors who enable our non-government funded work in prisons, hospitals, psychiatric pastoral care and indigenous communities.

At Centacare, we want you to feel welcome, supported and treated with respect each and every time you access one of our services. We strive to deliver professional and accountable services, whilst empowering our clients to find solutions and achieve their goals.
